# SPORT AT ST PAUL'S COLLEGE

St Paul's College offers a variety of codes and sporting options played at different levels. There is something for everyone regardless of age, experience or skill level. All students are expected to participate in a summer and winter sport.

It is the expectation that once a student commits to a sports team, he fulfils that commitment for the season.

There is a strong emphasis on participation in students' formative years (Years 7-10), and more performance-based sport programs in students' senior years (Years 11-13).

## COMMITMENT

St Paul's College provides well-organized teams, registered in appropriate grades.

**There is an expectation that students commit to their college sport before any external teams.**

We commit to enrolling the family at every level, including sport.

Parents wishing to volunteer in coaching/assisting with sport are encouraged to make contact with us.
